**Lake Forest Sportscars Hosts A-List  
Celebrities During National Bullrun Rally**

(Lake Bluff, Illinois) On Monday, July 24, Lake Forest Sportscars hosted celebrities such as **Hayden Christensen** (Aniken Skywalker) and Olympic Gold Medal winner, **Carl Lewis** at a Chicago pit stop during the national Bullrun car rally.

Bullrun is the most glamorous and high profile of the new breed of high-end “luxury lifestyle” automotive rallies. This year a hundred of the world's premier super-cars embarked on an invite-only epic seven-day rolling party across the USA. Fueled by an impressive schedule of public and private events at the finest venues and hotels and in the most exciting cities in America, ‘Bullrunners’ make their way from one checkpoint to the next, learning their destinations daily, rocking to a close each night in the party capitals of America.

Teams riders such as The Gotham City Riders, Team Star Wars, Gas Monkey and The Bikini Bandits began their 7 day journey in New York on July 22 and ended it on July 29 at a blow-out party in Los Angeles.

Make-A-Wish Foundation, the Bullrun charity of choice, has currently received over \$80,000 from Bullrun participants.

Two days into the ride, the 200 participants purred into Lake Forest Sportscars on Monday morning where they received breakfast and white glove technical service for their autos. They also received a swag bag that included Griots Garage products, a logo-etched beanie cap from Lake Forest Sportscars, Maserati Driving School Brochures/Decals, Roca Wear T-shirts, and a custom-made driving CD from VerveLife along with specialty waters and power bars.

Additional VIPs at the event included **Rick Mancuso**, owner, Lake Forest Sportscars; **David Green**, founder of Bullrun; **Stefan Johanson**, Formula One Racer; **Richard Rawlings**, three-time Bullrun winner; and **Catherine Warren**, Miss Illinois.

Lake Forest Sportscars is a family-owned business with roots in the Chicago area since 1923.
