**The Max Schewitz Foundation
2nd Annual Maxtravaganza**

On June 16, several hundred parents, children, and grandparents enjoyed learning about nature up close and personal at the 2nd Annual Maxtravaganza daytime event held at the Wildlife Discovery Center at Elawa Farms. Attendees enjoyed the Wildlife Discovery Center exhibits, hands-on contact with the reptiles, and crafts for the kids.

More than 250 adults enjoyed the evening's event held at Lake Forest Sportscars. The guests bid on silent auction items and danced to the music of Derrick Stout and the Turnstyles. Dr. Jim Gantt and three members of the Lake Forest High School National Honor Society presented the Foundation with a check for \$3,500, garnered by NHS student earnings from volunteer projects. So far this year, the Foundation has raised more than \$62,000, which will go toward providing free EKG screening to all Lake Forest High School students this September, as well as funding conservation causes.

The Max Schewitz Foundation is a not-for-profit organization founded in 2006 by the family and friends of Max Schewitz, who died from sudden cardiac death at the age of 20. The Max Schewitz Foundation's mission is two-fold: to support education, prevention, and research of sudden cardiac death in young people; and to support environmental conservation. Specifically, the Foundation supports environmental education and the conservation of fragile and threatened ecosystems and species—a lifelong area of interest to Max. *For more information on the Max Schewitz Foundation, visit www.maxandthewildthings.com.*
